Webinar alert: **Thinking outside the desk to unlock the power of imagination**

 20th November, Thursday, 2025

 12:00 CET

### ? **How can we unlock imagination in education?**

Join us for a powerful discussion on how to transform education into a space of discovery, creativity, and innovative thinking.

💡 This talk argues that creativity is not a luxury but a necessity for shaping inclusive, humane, and forward-looking learning spaces. In today's fast-changing world, education should inspire learners to think critically and creatively—reimagining how we connect with others, technology, and the planet.

**Speaker: Marina Mattheoudakis, Professor in Applied Linguistics, School of English, Aristotle University of Thessaloniki**

Moderator: Korina Defteraïou, Education and Outreach Executive, Web2Learn
